"IN DEFENSE OF LIFE"

In the recent House Debate on funding embryonic cell research, a variety of representatives made some telling observations. "This is scientific exploration into the potential benefits of killing human beings." Said one. "You and I were once embryos. All you add is food and climate control and some time, and the embryo becomes you or me." Stated another. A third congressman, an obstetrician, played a recording of a fetal heartbeat, and declared. "This is what it is all about." San Diego Union Tribune, May 25, 2004

THANK YOU to Dr. Francis & Rose Marie Fochler for their donation towards a book to the Parish Library in Memory of Lou Bettwy.

PROTECTING GOD'S CHILDREN: A PROGRAM OF PROTECTION NOT SURVEILLANCE

Most organizations, including the Diocese of Altoona-Johnstown, that are involved with programming for children and/or youth require that at least two adults always be present. The rationale for this requirement is to protect both the adult and the child. The child is protected from inappropriate behavior that would be difficult to concealing the presence of another and is assured adequate supervision. The adult is protected from a false accusation or misinterpretation of his/her actions. Adults should not permit themselves to be placed into potentially compromising positions by

conducting classes, supervising activities, providing rides home alone with children/youth. It is recommended that the two adults have completed the Protecting God's Children training and have had the required background screening. However, there may be times when two trained adults are not available such as private tutoring Sessions. In such cases, at least one trained adult may be accompanied by another adult who has not been trained such as a parent or guardian.

Minutes of the Parish Pastoral Council Meeting

October 10, 2005, 7:00 PM, Computer Room

Opening Prayer

Mike Fox opened the meeting with a prayer.

Members present were:

Father Crookston, Father Spishak, Sue Cossitor, Pat Irwin, Frank Fochler, Judy Rossi, Cindy Boslet, Todd Cammarata, Jim Woome, John Brown, Paul Engleman, Mike Fox, and Dave Kibblehouse.

Minutes

The minutes of September 8, 2005 were corrected to read that the St. Rose Endowment Board will have representation from the Parish Council, the *Finance Council*, and the *School Council*. Todd Cammarata made a motion to approve the minute as amended. John Brown seconded the motion. The motion passed.

Committee Preferences

Mike Fox and Todd Cammarata gave their first and second choices for committee preference to Father Crookston. Pat Irwin and Father Crookston will determine committee assignments.

Committee Reports

Liturgy Sue Cossitor reported the following:

The Liturgical Commission met on October 6, 2005.

The commission suggested that quality wall hangings for seasons be researched. A subcommittee was formed to investigate different examples of wall hangings and the cost involved. The members of the subcommittee are Bea Shoenfelt (Chairperson), Bonnie Bartley, Rosemarie deKoning, Doris Silveri, and Father Spishak.

The foyer and the back of the sanctuary need clutter organized and/or removed. A subcommittee was formed to investigate how to improve the foyer décor. The members of the subcommittee are Janette DiGiacobbe (Chairperson), Bonnie Bartley, Linda Turcovski, and Judy Rossi.

Parish Council is investigating solutions to improve the main sign facing Sixth Avenue. It was suggested that perhaps a digital sign at the road and a traditional sign on or near the main entrance of the church be considered.

The adult choir along with the children's choir is planning a concert for December 11, 2005. Any upcoming events could be published in the concert program.

Father Crookston will conduct a workshop meeting for lectors in November to distribute workbooks and touch on details to improve reading, clarity, diction, etc.

Father Crookston will meet with the Eucharistic Ministers in November to review and practice the giving of communion...allowing time for the communicant to bow before offering the Host.

THIRTY-FIRST SUNDAY IN ORDINARY TIME

Father Crookston will be looking for visitor cards that can be placed in the pews at Christmas.

The next meeting of the Liturgical Commission will be November 3, 2005, at 7:00 PM in the Computer Room.

Other:

Regarding the sound system, Father Crookston indicated that the current budget is very tight and that the sound system is temporarily on hold.

Education

Parish School: Father Crookston reported the following for Pat Ronan who is recovering from surgery.

The enrollment for the school 2005-2006 school year is 223. The optional full day Pre K 4 is a success. There are 24 children enrolled; nineteen of whom stay the full day.

The school welcomed a new sixth grade teacher, Mrs. Grace Damiano. Mrs. Damiano taught at St. Patrick School in Newry, but for the last several years she ran her own childcare in Tyrone. Mrs. Damiano brings a wealth of experience to the children, and she will be a wonderful addition to the school staff.

Some changes to the building have occurred. The "old" reading room is now part of the Pre K program. The reading room is now in the previous 8th grade room. The 8th grade has moved into the 7th grade room, and the 7th grade now has their homeroom in the science lab. Thank you to Father Spishak for installing new shelving and coat racks to accommodate the students in the science lab.

The school was awarded a \$500.00 grant from First Energy for a science and computer class project dealing with solar energy. Thanks to Mrs. Dombrowski and Mr. Maschue for designing the project and applying for the grant.

Since October is traditionally the month of the Rosary, the school students will pray the Rosary weekly in the church.

There will be a "school Mass" on Saturday, October 15th at 5:30 PM.

Other:

Father Crookston reported that the closing of adoration on Thursdays has been moved to begin at 11:10 AM so that the school children can join in the closing of adoration and benediction.

Father Crookston praised the school staff and parents for pitching in and helping out with school proceedings while Principal, Pat Ronan, recovers from surgery.

Catechesis: None

Finance Stewardship: Father Crookston shared with council a handout report of the 2004-2005 stewardship at St. Rose. He indicated that there is a need for a 10% increase in giving for the coming year. During the last Sunday Masses in October, Father Crookston and Father Spishak will be asking for an increase in giving from the parishioners. On the flipside of the handout is a report of the current parish support contributions and data on parish ministries. Also included are ministry stories: *YOUfest Celebration* and *St. Rose Triduum Spanish and Anointing Liturgies*. Other suggested ministry stories that may be included are music, faith formation, vacation bible school, the pictorial directory, or special features of parish members who have had longtime ministry involvement in the church. The handout will be included in the October 16th Sunday Mass bulletin.

Saint Rose Endowment: Father Crookston reported that an endowment board is being established with representation from the Parish Council, the Finance Council, and the School Council as well as two people at large. Also included on the board will be the pastor of St. Rose and the principal of the school. The bylaws of the endowment board were shared with council. John Brown made a motion to nominate Marty Kooman to be the representative elected by the parish council to serve on the endowment board. Jim Woomer seconded the motion. The motion passed. An explanation of the Saint Rose Endowment Plan to parishioners will be forthcoming at future Masses. The endowment will be launched in December.

Maintenance

Other:

Father Spishak indicated that the January Project is on hold. Father Spishak also indicated that the fence around the playground needs to be painted. John Brown volunteered to help with that project.

Cindy Boslet asked how those who volunteered at the Ministry Fair are notified. Father Crookston asked Father Spishak to look into how that information has been processed.
