Cheekbones and jaw bone have been grown from stem cells in the patient's own bone marrow and subsequently implanted. “The availability of personalized bone grafts engineered from the patient's own stem cells would revolutionize the way we currently treat these defects,” commented a researcher at Columbia University which, along with Cincinnati Children's Hospital, has achieved success in this area. *NRL News*, 10/09

### **FAMILIES AND THE GOSPEL**

April 11

Jn 20:19-31

A peaceful home is purchased with the currency of forgiveness. If we don’t forgive each other, we not only lock out another person, we lock out peace. If you want peace you must forgive. Peace is the result, forgiveness the source. Where are there “closed doors” in your family? Who have you “locked out?”

### **UNITED STATES CENSUS 2010**

#### **Quick, Easy, Confidential**

The U.S. Constitution requires a national census once every 10 years. All U.S. residents must be counted—people of all races and ethnic groups, both citizens and non-citizens. By law, the Census Bureau cannot share an individual’s census questionnaire responses with anyone, including other federal agencies and law enforcement entities such as the Internal Revenue Service (IRS) or the U.S. Immigration and Customs Enforcement agency. It is important and safe to answer the census. Accurate census data benefits our community. Complete the census questionnaire and be counted in 2010. Log on to [www.2010census.gov](http://www.2010census.gov) for more information.

### **YOU BELIEVE IN ME**

Lord God, you know that there are moments when I struggle to believe.

Help me trust you more fully, to be more open to hearing your Word.

Help me understand that seeking answers to my questions is part of your plan and not a sign of my failure to believe.

Help me celebrate the fact that you believe in me, and because you believe in me I am able to accomplish great things in your name. Amen.

### **STEWARDSHIP REFLECTION**

#### **2nd Sunday of Easter**
